To whom may concern,

I had the daunting task of organizing a unique experience for the San Diego Chapter of YPO in Mexico this last May.

Being from Australia I thought of a beach style completion based on Australian Surf lifesaving events and hired Cameron to run the event.

He brought a standard on professionalism and good humor to the day second to none.

The event went off perfect with all 40 plus CEOs more than impressed with the Day. For anyone considering any sort of event that involves sports, fitness corporate wellness involving executives or employee's I would highly recommend Cameron and the team that he can bring.

Sincerely,

Paul Buss.

CEO
